MINERAL WEALTH OF CRITTENDEN COUNTY

Would Astonish World If Fluor spar, Lead and Zinc Mines Were Developed.

(Special to Evansville Courier.)

Marion, Ky., Oct. 9.—When the great whistle of the Kentucky Fluor spar company is heard every morning, warning the employees to work, we can imagine we are on the great Mississippi or the Ohio river and that the R. E. Lee, or Evansville's queen of the waters, the "Idlewild," is coming into port. It is a beautifully sounding whistle and carries the man acquainted with the happy, olden steamboat time, back to the days of the Lee, Natches, Emma C. Elliott, Idlewild and other favorites of that never-to-be forgotten age.

The whistle of the Kentucky Fluor spar company is a great whistle and is on a great mill owned by a great company for the purpose of grinding and separating the product of the many great lead, zinc and spar mines of Crittenden county.

This company produces lump, gravel and ground fluor spar. The lump and gravel, after being thoroughly washed, is shipped in the crude state and used principally in the manufacture of open hearth steel as a flux. The better grade of ore, as it comes from the mines goes through their concentrating mill here where, by a system of "Hariz Jigs," all impurities, such as calcite, siliceous, etc., are separated from the spar and taken out and the lead, as a valuable product, is saved. The spar is then ground to a fine powder and finds a market all over the United States and is used by makers of high grade glass enamelers, hydrofluoric acid, etc. This hydrofluoric acid is a pungent, fuming acid gas, very

corrosive, attacking glass and porcelain and etching its surface. It is very soluble in water, the specific gravity of the solution rising to 1.55. The concentrated aqueous acid becomes weaker on boiling until, when boiling at 120 degrees c. (248 f.), it attains a constant composition of from 36 to 38 per cent of the anhydrous acid. Concentrated hydrofluoric acid is a powerful corrosive, having the peculiar property of hardening the skin or tissue with which it comes in contact and continuing its action underneath the hardened tissue with an extraordinary amount of and persistency of pain.

The team bring the product from the many mines in Crittenden to the several large crushing mills and separators in Marion, where it is washed for shipment in the crude state, owing to its value, or ground and shipped in barrels like flour. Much of the lead ore is 95 percent pure and is washed and shipped from the mines.

For a short period the mineral industry of Crittenden has been on the wane, and for no reason but for the lack of funds to develop the unlimited wealth of the ore belt and to devise the cheapest way by which the ore can be marketed. In other words, let the amount of money expended in the development of coal in Union county alone, be judiciously applied in Crittenden county and she would astonish the world with her wealth. The home people, with few exceptions, are never credited with developing the coal or oil lands, and just so it is with the fluor spar industry. The lands of Crittenden are rich with lead, zinc and fluor spar and easily developed, but in most cases inaccessible to the railroad or river. But money and brains could and would over-ride and make simple this bar to her wealth and in a few years the state revenues from old Crittenden would surpass that of any other county.

Western Kentucky is wealthy in

deposits of fluor spar, lead and zinc, and the district of which Crittenden county is the center has been since 1896 one of the largest producers of fluor spar in the world. According to a correspondent of the Evansville Courier, writing from Marion, Ky., the work of development is not progressing as rapidly as should be the case. The correspondent writes:

"For a short period the mineral industry of Crittenden has been on the wane, and for reason but for the lack of funds to develop the unlimited wealth of the ore belt and to devise the cheapest way by which the ore can be marketed. In other words, let the amount of money expended in the development of coal in Union county alone, be judiciously applied in Crittenden county and she would astonish the world with her wealth. The home people, with few exceptions, are never credited with developing the coal or oil lands, and just so it is with the fluor spar industry. The lands of Crittenden are rich with lead, zinc and fluor spar and easily developed, but in most cases inaccessible to the railroad or river. But money and brains could and would soon over-ride and make simple this bar to her wealth and in a few years the State revenues from Crittenden would pass that of any other county."

Fluor spar is found in many States, but in very few instances is it known to exist in paying quantities. The Western Kentucky district is composed of the counties of Crittenden, Caldwell and Livingston, but by far the greater part of the product comes from Crittenden county. Deposits have been found in other nearby counties, but there has been no production of importance. Across the Ohio river in Illinois the counties of Pope and Hardin are large producers. Tennessee has a fluor spar district composed of three counties, Smith, Trousdale and Wilson. There are two small districts in Colorado, one county in Virginia and one county in

Arizona where it is produced in limited quantities.

There does not seem to be any good reason why the industry should be languishing in Crittenden county. That county probably was the first in the United States to make shipments. Fluor spar is in active demand and brings good prices. It is used all over the United States in the manufacture of high-grade glass and enamel and for a variety of other purposes. It is exported from the Western Kentucky district to Canada and Mexico.

The Kentucky Geological Survey issued an elaborate report on the fluor spar deposits of Kentucky in 1907. This report covered six counties in Western Kentucky, and it was declared therein that the deposits were practically inexhaustible. Lead, zinc and calc spar were found to exist in paying quantities. Deposits also are found in the Central Kentucky counties of Anderson, Bourbon, Boyle, Clark, Henry, Fayette, Franklin, Garrard, Jessamine, Mercer, Owen, Scott and Woodford. They are not so extensive, however, as those in Western Kentucky.

There is manifest opportunity for profitable development of the fluor spar industry in Kentucky. Operations in Crittenden county and elsewhere instead of being on the wane should be of increasing importance.—Courier Journal.

MARION GRADED SCHOOL INTEREST

Pupils Being Rapidly Advanced and With a Deep Interest Manifested by All.

The patrons of the Marion Graded School have a right to be proud of the fact that the school is in the hands of trustees who have shown themselves true to the responsibilities resting on them and that with Prof. King as Superintendent, assisted by Prof. J. M. Hawes and the able corps of lady teachers, the school is flourishing in its every branch. One need to pay but a single visit to this school to discover the efficiency and fitness of every teacher for the place assigned them, all of which reflects much credit on Prof. King and the board of trustees. The pupils seem to be deeply interested and are well up in per cent, which is the best evidence of a high regard for those in authority.

For a few days Prof. King was forced to adjourn school on account of the heating apparatus undergoing repairs. But to-day every thing for the comfort of both teacher and pupil has been provided and the school has again resumed its busy role. So much for the confidence of the patron and efficiency of the teacher.

R. F. Bishop at Home.

R. F. Bishop, who for the past few years has been a resident of California, has returned to Sturgis, Union county, where he yet holds good landed estate as well as town property, and has bought the beautiful W. W. Pierson home on Washington Ave. This is one of the most beautiful homes at Sturgis and too, Mr. Bishop bought it furnished as Mr. Pierson left it. Bob is a good man for old Sturgis to regain. At last there is no place like old Kentucky.

Obituary.

Mrs. Louisa Walker was born Aug. 6, 1866. Died Oct. 12, 1909. Married to W. L. Asher Nov. 19, 1884. To this union was born one son, Marvin, whom we all know. She professed faith in Christ in 1892 and joined the Cumberland Presbyterian church at Weston and lived a consistent Christian. She was married to J. T. Walker Mar. 18, 1907. To this union was born one son, Jewel. She was a loving wife, a kind mother, a good neighbor and was loved by all her friends and kindred. Funeral services were conducted by Rev. W. T. Oakley.

DEATH, THE GRIM REAPER'S RICH HARVEST.

Number of Prominent Citizens Have Been Called to Their Reward The Past Week.

Miss Emma Wheeler died at her home, about three miles east of town, Thursday night. She was sick only a short while, having a congestive chill, she never rallied from it.

Miss Wheeler was a sister of Mr. R. F. Wheeler and Misses Corda and Tinnie Wheeler, well known school teachers of the county. She was a woman of great strength of character.

Mrs. Al Easley died Sunday night, after a lingering illness. Before her marriage she was Miss Lucy Woody, daughter of Mr. Alex Woody, of Repton neighborhood, and was noted for her lovable disposition. She is survived by her husband, one son, several brothers and relatives.

After an illness of more than a years duration, Mrs. Markham Terry passed to the great beyond, Saturday afternoon, October 16, 1909.

Though expecting it, death came as quite a shock to the young husband, who ministered to every wish expressed, and all within human power was done to restore health, but to no avail. Though not afraid to die, she was grieved to leave her eighteen months old baby without a mother's love and care.

Mrs. Terry, before her marriage was Miss Hettie Wiggins, daughter of Mr. and Mrs. J. C. Wiggins, of Livingston county.

The remains were taken to Livingston county, near her old home for burial.

Mr. A. J. Eskew died Sunday night Oct. 17th, 1909, after a two weeks illness.

Deceased was born in Wilson county Tenn., October 19th, 1842 and moved to this county when quite a young man, locating in the eastern portion of the county where he lived until a few years ago, when he moved to Marion.

Mr. Eskew was a member of the Christian church at this place and was an upright gentleman. He is survived by his wife, who was a Miss Vanhooser before her marriage, one daughter, Mrs. Ed Coleman, and four sons, Oscar John, and Andrew, of this city and Harve, of New Mexico. The interment took place at the Simpson grave yard in Caldwell county, Monday. The funeral services were conducted by Rev. I. W. Talley.

Mr. Press Clark died Saturday, Oct. 16th, 1909, after a lingering illness.

He was born and raised in this county. Mr. Clark possessed many sterling qualities and was loved and honored by all who knew him.

JUDGES NUNN, SETTLE AND LASSING ARE WITHOUT OPPOSITION.

Committees Will Declare Them Regular Nominees In Their Respective Districts.

In three appellate districts of Kentucky three Democratic Judges now sitting on the Court of Appeals bench at Frankfort have been paid the fine compliment of unanimous endorsement by their party. Last midnight was the last opportunity for a Democrat to announce his candidacy for the great and honorable position on the State's highest judicial bench from the First, Second and Sixth Appellate districts, now represented at Frankfort by Judge Thos. J. Nunn, Judge W. E. Settle and Judge John M. Lassing. All of these Judges were candidates to suc-

ceed themselves, and when the final hour arrived after which no Democrat could qualify for the race, it was found that none of the three had any opposition in the party.

It is believed by those who are in a position to know that at no time in the past have so many as three Judges for the Court of Appeals had a clear field. That no opposition has developed in the three districts speaks volumes for the popularity of the candidates and the splendid record they have made since they have served in the State's most august court.

This almost unprecedented condition means that in neither of the appellate districts will it be necessary to hold either a convention or a primary to make a nomination, the committee in each district being required only to meet and declare the nomination.

In the First district Henry R. Lawrence, chairman of the Democratic Executive Committee, has called off the primary which was to have been held November 2, and has called his committee for 1 p. m., November 11, at Princeton to declare Judge Nunn the nominee.

VISITED BY CAPITALISTS FROM LOUISVILLE

Stockholders of Commodore Mines Visit Marion Last Sunday

Renewed Interest Now Being Exhibited in Mending Circles. Our Future Bright.

Theo Klarer, A. D. Bowman, E. F. W. Kaiser, F. Holman, F. L. Hudson and H. J. Angermeier, all of Louisville, Ky., and stockholders in the Commodore mine, arrived in Marion Sunday on an early train and immediately took carriages to their mines for all day. They returned to Louisville Monday seemingly well pleased with their visit.

There seems to be renewed interest all round in mining circles and soon we feel that things in old Crittenden will begin to hum.

The gentlemen from Louisville are all capitalists and having reached their positions in the financial world is evidence that they know a good thing when they see it. We are proud to have them as investors of Crittenden property and hope for more like them.

Card Of Thanks.

I desire to express my heartfelt thanks to my friends and neighbors who so tenderly and lovingly rendered assistance in the brief illness and subsequent death of my beloved wife. While the light and life of my home has been taken from me, the high recognition given her by her friends and mine has, in a great measure, helped to dispel the clouds and through my tears I can see the sweet spirit waving from the battlements of Heaven to mingle her thanks with mine for their tender care of her and the many precious tokens of love.

Oh, my friends, I thank you over and over again from deep down in my broken heart for all these kindnesses and just how much she appreciated it will only be made known on the day we are all reunited in the land where the sun never goes down.

"THE CASH STORE."

RELIABILITY IS OUR WATCHWORD

The continual growth of this store is one of the conspicuous facts in the history of merchandising in Marion. The cause of this growth is plain to every patron--the satisfaction which attends every purchase, the customers, the trustworthiness of the merchandise, the correctness of the styles, the efficient service and the always lowest prices, all combining to make this store the logical supply center for household and apparel needs.

We want you to prove the helpfulness of our store by what it does and not by what it says. "Doing" is the great thing--there is nothing plainer than that. And therein lies the reason why we bend all strength and energy to give you values that shall prove so truly helpful you will wish to come again.

CUMBERLAND TAKES OVER PROPERTY

Of Morganfield Telephone Co And Will Rebuild Exchange as Soon as The Work Can Be Done.

At a meeting of the city council Friday night the changes in the ordinance regulating telephone companies asked by the Cumberland Telephone Company, were made. About the only change made was in the rate that may be charged for phones beyond a certain distance from the exchange.

With the passage of this ordinance the property belonging to the Morganfield Telephone & Telegraph Co., passes over to the Cumberland Telephone Company and from now on the exchange in Morganfield will be operated by that company.

J. C. Symmes, superintendent of this division of the Cumberland, was present and after the meeting stated that a man would be sent here at once to make out specifications for rebuilding the exchange. He is expected here today or tomorrow.

The exchange will be rebuilt entirely and when completed will be the most modern to be found in any city the size of Morganfield in the state. As soon as possible a crew will be put to work rebuilding the exchange. It will take three or four months to complete the work. The company hopes to have the new exchange in operation by the first of January.

The lines in the city will be rebuilt first and if the weather gets too bad to go ahead with the work the country lines will not be rebuilt until spring.

As soon as the ordinance was passed free county service was resumed and now we are permitted to talk to any point in the county without

paying toll.

The increased rates permitted by the new ordinance will not go into effect until the exchange has been rebuilt.

Manager Cromwell says Morganfield will have perfect telephone service after the contemplated improvements are made and a strictly modern exchange.

Death of Kearney W. Franklin.

On the 31st of July, Kearney W. Franklin, aged four years, nine months and twenty-five days, the light of his parents' home, was called away.

He was the son of Mr. and Mrs. Carson Franklin. His death came Saturday, July 31st, near noon. On the Sunday preceding he did not seem quite well, but was anxious to go to the home of his mother's parents. Before the day was gone he became quite sick. He was brought home and medical aid was called at once.

from that hour until his death, every attention was given that could be from doctor, parents and friends. His trouble was spinal meningitis. Although so young he is greatly missed in the home and in the community with the neighbors, his gentle playful disposition, made him attractive. Whether these neighbors had children or not he seemed to receive a hearty welcome. With his own father and mother, he was looked upon as indispensable to their happiness. He was the only child, often the mother's only associate, the father being a farmer and out at his work. The happiness he brought her she could not tell, the father's duties often made it so, he was in the home for days, only a little at a time except for meals and sleep. When the father came in from his work, though well nigh exhausted, here came Kearney to drive away the tired feeling and cause it to be forgotten by his playfulness and glee. Though he meant so much because of these things, there was another cause for the deep sorrow. Kearney was the only child and their hearts were filled with true parents' love, such as that which ought to fill of every parent and it was the going out of a light indeed. Oh, how a heart thus smitten bleeds! But there is one relief--The Lord gave. We and all we have, were given by Him, He taketh away. He never calls for His own except to homes superior in every way, to homes held here. Do we live in the cottage here, He makes us live in the palace there! Do we have companions here weak and sinful? Even so but there they are strong and many a pure. Do we have here our sickness, sorrow and disappointment? But there a physician who wards off all disease, a comforter who keeps sorrow the thing of the past and of the world, and a Master who directs against every disappointment.

It grieves parents and friends to lose the jewel from the home, but let us remember that with him it is far better that he is gone and let us pray God to grant us the qualifications to wait with patience and hope till we shall be called to meet him, Yours, A Brother in Christ.

WARNING TO THE TEMPERANCE VOTERS.

The Temperance Forces Should be Careful in The Selection of The Next Speaker.

The liquor people have had a high priced man in the constituencies for the last fifteen months to secure the nomination of men favorable to their traffic. Some of the resultant nominations have been so outrageous that the decent people are up in arms. We suggest that in all Senatorial and Legislative Districts the temperance forces narrowly scan the character of the nominees on both tickets. The election of the Legislature rests with the people and not with a clique of brewers and distillers.

The latest move that has come to our knowledge is to secure as speaker of the Lower House a man who will let the liquor people dictate the make-up of the Committee on Public Morals. They think to defeat the will of the electorate by this means.

Whatever may be the outcome of the election, the issue for November 2nd is: shall the majority, the 350,000 Christian temperance voters rule, or shall the whisky ring? This is to warn the people of the State of the mischief afoot. Publicity is the best policeman.

The highest medical authority on foods, Sir James Crichton Browne, LL.D.—F.R.S. of London, gives the best reasons for eating more Quaker Oats

In an article published in the Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building--

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence (youth), and that is oatmeal."

"Oats are the most nutritious of all the cereals, being richer in fats, organic phosphorus and lecithins."

He says oatmeal is gaining ground with the well-to-do of Great Britain. He speaks of it as the mainstay of the Scottish laborer's diet and says it pro-

duces a big-boned, well-developed, mentally energetic race.

His experiments prove that good oatmeal such as Quaker Oats not only furnishes the best food for the human being, but eating it strengthens and enlarges the thyroid gland--this gland is intimately connected with the nourishing processes of the body.

In conclusion he says-- "It seems probable therefore that the bulk and brawniness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oat-meals.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

CONFIDENCE SHOWN BY SUBSCRIBERS

**Citizens' National Life Insurance
Company Launched Under
Auspicious Skies**

Nearly every county in Kentucky
is represented among the stockhold-
ers and the incorporators of the Cit-
izens' National Life Insurance Com-
pany which filed articles of incorpo-
ration yesterday in the office of the
County Clerk, with the subscriptions
to the capital stock of more than
\$1,500,000, and authorized capital
stock of \$1,000,000 and a provision
for the issue of \$4,000,000 addition-
al stock. The home office of the
company, where more than 100
persons will be employed will be at
some point in Jefferson county out-
side of the Louisville city limits
because of the excessive tax rate
imposed on such corporations by the
city administration.

Within a short time it is expected
that the present Citizens' Life Insur-
ance Company will be merged with
the new corporation. Many of the
subscribers to the stock of the Cit-
izens' National Life Insurance Com-
pany are prominently identified with
the Citizens' Life Insurance Compa-
ny and, since their interests are
identical, there is every reason to
believe that the combination will be
effected within a short time. The
company will be ready to write
insurance, undertake annuities and
similar business as soon as its cer-
tificates is issued by State Insurance
Commissioner C. W. Bell.

In the articles of incorporation
the purpose of the association is
stated as follows:

"It proposes to transact the busi-
ness of making insurance upon the
lives of individuals and against
accidents to persons and to every
form of insurance appertaining to or
connected with life or accident insur-
ance, and of granting, purchasing
and disposing of annuities and en-
dowments. It shall have the power
to reinsure other companies and their
risks in whole or in part."

In addition to the fact that the
owners of the capital stock of the

new institution are, and will be,
mainly Kentuckians, and that, while
it will be amply as strong as any of
the other life insurance companies,
the ownership and the distribution
of profits, instead of being among a
few men of great wealth, it will be
among hundreds of the common
people. The par value of the stock
is \$10 a share, placing it within the
reach of every investor and furnish-

Musical Club Met.

The Musical Club was delightfully
entertained on Saturday afternoon by
Mrs. W. V. Haynes

The meetings having been sus-
pended during the summer months,
the Club was re-organized.

The first, and a very interesting
part of the program, was Mrs. Jen-
kins' report of the "Federation of
Clubs." The latter part of the
afternoon was spent in the study of
Frederick Chopin, and his beautiful
Polonaise was rendered by Mrs. S.

M. Jenkins.

The meeting proved to be a very
interesting one and all the members
seemed to be very enthusiastic.

The house was beautifully deco-
rated in pink and cream roses and
carnations.

Delightful refreshments of cream
and cake were served and carried out
the color scene.

Besides the members of the Club,
the following visitors were present:
Mrs. Gus Taylor, Mrs. T. C. Bennet,
of Marietta, Okla.; Miss Almada
Hedges, of Sturgis; and Miss Nelle
Williams, of Providence.

The next meeting of the Club will
be with Mrs. Levi Cook the 13th of
November.

Mrs. J. I. Clement Entertains.

Mrs. J. I. Clement delightfully
entertained on Friday evening in
honor of Miss Almada Hedges, of
Sturgis.

Music was rendered during the
evening and contests proved to be a
very enjoyable feature.

Elegant refreshments were served
in two courses, consisting of a salad
course, Spanish cream, cake, salted
nuts and bonbons.

The evening was very much en-
joyed by the following:—Misses
Lucile Nunn, Ina Price, Eva Clem-
ent, Allie Mae Yater, Marian Clem-
ent, and Almada Hedges, Messrs.
Bruce Babb, Maurie Boston, Clarence
Franks, Ralph Davidson, of Corydon
and Archie Davidson, of Muskogee,
Okla.

Mrs. Clement proved indeed a very
charming hostess.

Lawson--Moore.

Probably one of the prettiest home
weddings, occurring for some time,
was that on Monday afternoon, Oct.
11th, 1909, of Mr. George Thomas
Lawson and Miss Sarah Grace Moore
at the home of the bride's mother,
Mrs. Margaret Moore, on West
Depot street.

Promptly at 2 o'clock, the popular
couple marched into the broad par-
lors, their steps being in unison
with the wedding march rendered by
one of the bride's beautiful and ac-
complished classmates, Miss Lucile

Nunn.

The only attendants were Mr. Jas.
Mocabe, a very close friend of the
groom and Miss Eva Clement, a
cousin of the bride. The bride was
certainly a picture of beauty and
looked most becoming in a princess
dress of pale blue mesaline and point
lace.

She carried a shower bouquet of
bride's roses. The groom was at-
tired in the conventional black, the
two presenting a most happy picture.
They face the Rev. M. E. Miller
who in a beautifully, impressive
ceremony pronounced them man and
wife, all of which was in the pres-
ence of a few near relatives and
friends.

The bride was the recipient of

many beautiful and costly gifts.
Mr. Lawson is the only son of Mr.
Geo. W. Lawson of the firm of Law-
son Bros. lumber merchants, of
Marion, and is a young man of
bright mind and much energy and
promise. The bride, the youngest
daughter of Mrs. Margaret Moore,
is noted for her sweet disposition,
charming manner, and her many
friends are legion. After congratu-
lations by the assembled guests, the
happy couple, accompanied by the
attendants, were driven to the I. C.
depot, where they left on the 3:30
train, for a short bridal trip. The
attendants accompanying them as far
as Henderson.

HIGH GRADE ENTERTAINMENT

The "Singin Skule Begimment" at Graded School Auditorium Tuesday Night.

The "Singin Skule Begimment," given under the auspices of Ladies Missionary Society of the Methodist Church, at the Graded School Auditorium Tuesday night, was greeted with a full and well satisfied house.

With the exception of Prof. Parker, home talent composed the entire cast of characters, and in the make-up of the fifty young and middle aged people there were a number of exceptionally fine characters—hard to beat any where.

The entertainment netted about \$7.00.

Princeton Presbytery.

Princeton Presbytery of the Cumberland Presbyterian church, met with the Piney Fork congregation October 5 1909.

The opening sermon was preached by Rev. Hugh Watson of the Chattanooga Presbytery, he taking for his text the first eight verses of the 30th chapter of St. John.

Ten ministers answered the roll call. Only two were absent. These are very old men and have leave of absence at will. Twenty-seven congregations were represented.

Rev. J. T. Barbee, Moderator of the General Assembly, was with us, and was called to the rostrum. He responded with "Echoes" from Bentonville Assembly, which was of much interest to the presbytery.

Rev. John King, of Blackford, was elected moderator.

Our commissioners to the Bentonville Assembly had pledged \$100.00 for Princeton Presbytery to our Legal Fund.

On Wednesday morning the Presbytery called for contributions for the purpose of paying the amount pledged and \$164.50 was raised. Sharon congregation had already sent in \$78.

At 11 o'clock Wednesday, the Sacrament of the Lord's Supper was observed. Rev. G. L. Woodruff preached from Revelation 21: 5. Rev. Milton L. Clemens administered the Sacrament.

Wednesday afternoon was spent in discussing a Christian Endeavor and Sunday school programme.

Wednesday evening the ladies conducted a song and prayer service. Mrs. Edna Perry, Presbyterial President, conducted the service.

Mrs. N. H. Fentress, Presbyterial secretary of the Ladies' Missionary Society, made a report of last year's

work. Songs and recitation by the children from Hopkinsville and "Echoes" from Bentonville convention, by Miss Belle Ellis, completed a very interesting programme. A collection was taken for Missions, amounting to \$12.45.

Thursday morning was taken up with the reports of committees. At 11 o'clock Rev. A. C. Biddle preached a strong sermon from Zacariah 1:14. Everybody was delighted.

Presbytery closed with a good old-time handshake.

Piney Fork church and their friends who helped to entertain the Presbytery deserved much credit for their hospitality.

The next Presbytery goes to Sturgis, Ky.

A Word About Powdered Sulphur

Powdered sulphur, or as it is technically called, "flowers of sulphur," is a valuable remedial agent. Who doesn't remember the old fashioned sulphur and molasses given in the spring to purify the blood. And it was a valuable remedy too. But the form of sulphur makes it hard of assimilation; makes it hard to get even a small quantity of the sulphur into the blood. The greater part of the flowers of sulphur taken into the stomach is undigested and passes out without doing any good whatever. The very little that is assimilated does great good considering its quantity. For this reason physicians and scientists have for years tried to find some way of holding sulphur in liquid solution so that all of it could be assimilated and taken into the blood or when applied externally to sores, etc. be absorbed into the skin. Little's Liquid Sulphur accomplishes this with absolute perfection. It is assimilated perfectly and every particle of it gets into the blood with not one of the wonderful sulphur curative and medicinal properties changed or lessened. Applied externally it is rapidly and readily absorbed and actually brings the sulphur into contact with the germs of suppuration, mortification, decay or disease which it rapidly destroys. Little's Liquid Sulphur stops itching instantly and permanently relieves all forms of skin complaint, eczema, erysipelas, pimples, running sores, tetters, ring worm, chaps, roughness, redness, or skin blotches. Sample bottle sent post paid to any address for 10c. Rhums-Sulphur Co. St. Louis, Mo.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have been afflicted with indigestion, have been sorry for it--when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling--you need Kodol. And then the quicker you take Kodol--the better. Eat what you want, let Kodol digest it.

Ordinary peptic "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Peptic is only

a partial digester--and physics are not digesters at all. Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach--but in order to be cured, the stomach must rest. That is what Kodol does--rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Mild Laxative for Baby Free

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control.

The prime cause of trouble in the stomach, a baby that is digesting its food seldom cries and always looks cheerful; the little child whose stomach is good romps and plays and never whines; the growing child learns well at school and is eager for fun if its head is clear and its stomach light, and that means if it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepsin. This is a liquid laxative wonderful in its effect as Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Cullum, Plainville, Ind., and numerous others can testify who give it to their children with extraordinary results.

A bottle only costs 50 cents or \$1 according to the size you want, and even one 50-cent bottle will do a wonderful amount of good in a family. It can be given to any member of the family in constipation, sour stomach, indigestion, torpid liver, dyspepsia, heartburn, sick headache and similar digestive troubles. It never gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folk.

If you have a child or other member of the family who needs, but has never used this grand laxative tonic, send your name and address to the doctor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

There is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 503 Caldwell bldg., Monticello, Ill.

After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nervine, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS,
Seabrook, N. H.
The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nervine
should be taken for some time to thoroughly restore nerve strength.
Dr. Miles' Nervine is sold by all drug-
gists. If the first bottle does not benefit,
your druggist will return your money.

Letter From Missouri.
N. E. Calmes, Editor Record-Press, Marion, Ky. Dear Sir:—Please enclosed find bill for one dollar for which please send me your paper for time specified for that amount.
My wife and I are old residents of Marion and lived there up to about three years ago when we came West for our health. I held the position as foreman on the Press under S. M. J. and also on the Record-Press and resigning shortly after the consolidation. I am now holding the position of foreman on one of our dailies here in this great zinc and lead district.
I like to hear from old Crittenden county folks and consider the Record-Press the best medium, hence the "wheel."
Wishing you success in your enterprise, I am one favoring a "Twice-a-week. Respectfully yours,

Princeton Presbytery.

Princeton Presbytery of the Presbyterian church, U. S. A., met in Mayfield, Ky., Tuesday, Oct. 5th, 1909, at 7:30 p. m. The opening sermon was preached by the retiring moderator, Rev. R. H. Anthony. Eight ordained ministers were present. There was quite a good representation from the congregations. Elder W. P. Black was elected moderator. Two ordained ministers were received and one granted a letter. Princeton Collegiate Institute was transferred from Louisville Presbytery to Princeton Presbytery. Miss Annie Florence Smith made a strong appeal in behalf of this excellent institute of learning, setting forth clearly that we have a corps of teachers unsurpassed in efficiency, that the instruction is the very best, that the dormitory is comfortable, attractive and sanitary, and that the entire management is admirable. The Pastor-Evangelist and Sunday School missionary made reports of their work, which were received as highly satisfactory. The reports of the committees showed care and thought in their preparation and presented the various interests of the church in a forcible manner. The discussions were pointed and interesting. Rev. R. H. Anthony will be installed as pastor at Princeton, Ky., on Wednesday, Nov. 10th. The committee on installation is Revs. J. N. Andre, A. J. Thomson and Jas. F. Price. Rev. Edward B. Landis will be installed as pastor at Paducah, Ky., at some date in Nov. or Dec. The committee is Rev. B. P. Fullerton, D. D., Rev. E. R. Kee and Rev. J. F. Price. All the churches but one are supplied with preaching. There was the most perfect harmony in the Presbytery from beginning to end. The ladies had very fine missionary meetings, more auxiliaries being represented than ever before. Their public meeting on Wednesday evening was a marked success. They have raised \$553 for missions this year. The presbytery now has five candidates for the ministry, three of whom are in school at Lebanon, Tenn. The next meeting of Presbytery will be held in Hopkinsville, April 5th to 7th, 1910.

Try This in November.

Thousands upon thousands of families who have not been regular eaters of Quaker Oats will begin on the first of November and eat Quaker Oats once or twice every day for thirty days of this month; the result in good health and more strength and vigor will mean that every other month in the year will find them doing the same thing.

Try it! Serve Quaker Oats plentifully and frequently for the thirty days of November and leave off a corresponding amount of meat and greasy foods. You'll get more health, more vigor and strength than you ever got in thirty days of any other kind of eating.

While you are trying this see that the children get a full share. Quaker Oats is packed in regular size packages and large size family packages.

The meeting at Crayne is progressing finely. Good preaching and large congregations. Brothers Thompson and Price are conducting the services.

An aching back is instantly relieved by an application of Sloan's Liniment.

This liniment takes the place of massage and is better than sticky plasters. It penetrates—without rubbing—through the skin and muscular tissue right to the bone, quickens the blood, relieves congestion, and gives permanent as well as temporary relief.

Here's the Proof.
Mr. JAMES C. EVANS, of 100 9th St., S.E., Washington, D.C., writes: "Thirty years ago I fell from a scaffold and seriously injured my back. I suffered terribly at times; from the small of my back all around my stomach was just as if I had been beaten with a club. I used every plaster I could get with no relief. Sloan's Liniment took the pain right out, and I can now do as much ladder work as any man in the shop, thanks to

Sloan's Liniment

Mr. J. P. EVANS, of Mt. Airy, Ga., says: "After being afflicted for three years with rheumatism, I used Sloan's Liniment, and was cured sound and well, and am glad to say I haven't been troubled with rheumatism since. My leg was badly swollen from my hip to my knee. One-half a bottle took the pain and swelling out."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints. Prices, 25c, 50c and \$1.00.

Sloan's book on horses, cattle, sheep, and poultry sent free. Address Dr. Earl S. Sloan, Boston, Mass., U.S.A.
